

COFFEE MENU

We offer four blends, which are each designed to fit within a particular taste profile. Fans of espressos, dark-roast coffee and decaf will find something to suit their taste within our selection of blends.

This little menu will help familiarize you with our blends:

ESPRESSO JJ

Notes: *Hints of caramel and toasted nuts. Also brews a mild drip coffee.*

Our signature espresso, the “JJ” is bright and lively, with a pleasant sweet acidity. Ideal for anyone who uses an espresso machine at home.

EASTSIDE

Notes: *Earthy dark chocolate and floral notes. Makes a complex espresso.*

Great for both drip and espresso brewing, Eastside has a well-rounded body and muted acidity, without being especially dark. As an espresso, the Eastside has a fuller body than the JJ, with notes of earth and chocolate.

RAILTOWN

Notes: *Very dark, smoky, and roasty. Full-bodied with no acidity.*

If you like your coffee dark, look no further. This blend is all about that smoky, carbony quality that dark coffee drinkers crave, with a huge body. This will definitely get you up in the morning!

DECAF

Notes: *Sweet, mild and chocolaty. Great for drip or espresso.*

Decaffeinated using the Swiss Water® process, our decaf tastes every bit as good as our other blends, minus the buzz.

COFFEE ORDER FORM

Dear Coffee Lover,

_____ is excited to offer you the freshest, tastiest locally roasted coffee in all of Vancouver. Your purchase will help support _____ in raising funds for community-minded projects.

Submit your order by: _____ Order pick up date: _____

Instructions: Complete the form below. Please include your name and phone number, and your desired quantity of **340 g / 12 oz** bags for each blend (by grind type). Next, calculate your subtotal and choose a payment method. Finally, submit your order, including payment, in the envelope included with your form.

Please make cheques out to _____
